Labex MME-DII and INFER Network:

5th WORKSHOP ON
APPLIED MACRO-ECONOMETRICS
Paris University 13, Sorbonne Paris Cité,
Friday October 13th 2017

The Labex MME-DII and the INFER network are jointly organizing the 5th workshop on Applied Macro-Econometrics. The goal of this workshop is to bring together European applied macroeconomists to discuss current frontier research on a regular basis.

Applications from economists from all French and European institutions are welcomed in all fields of applied macroeconomics and applied econometrics including financial, international, monetary, fiscal and non-linear econometrics. Empirical contributions are welcome.

The workshop is a one day workshop, which will take place at the Paris University 13, Sorbonne Paris Cité (Villetaneuse Campus) on Friday October 13th 2017.

Submission of papers

Interested authors submit a complete paper in electronic form (PDF format) at JEAMLabexMMEDII@gmail.com by September 15th. The authors of accepted papers will be notified at the latest by September 22th.

Organizers:

The workshop is jointly organized by the International Network for Economic Research (INFER) and the Labex MME-DII.

Working on a joint interdisciplinary project centred on mathematical, economic and financial modelling, the LABEX MME-DII consortium is composed of over 150 researchers specialized in such areas as economics, mathematics and physics. It brings together seven higher education and research institutions of the Île-de-France region. MME-DII's ambition is to constitute an internationally recognized research center in the modelling of stochastic processes, of decision-making in situations of uncertainty, and of the dynamics of strategic interactions. By combining such cross-disciplinary areas of knowledge as mathematics, economics and theoretical physics, MME-DII will help shed light on major societal challenges, ranging from the prevention of financial crises to the management of environmental risks. Website: http://labex-mme-dii.u-cergy.fr. INFER is a non-profit organization supporting science and research in all fields of economics. Website: www.infer-research.net.

Registration Fee:

There are no registration fees for attending the workshop

Scientific and local organizing committee:

Frédérique Bec, University of Cergy-Pontoise
Melika Ben-Salem, University of Paris Est
Joel Oudinet, University of Paris 13
Francisco Serranito, University of Paris 13
Josep-Maria Arauzo-Carod, Universitat Rovira i Virgili
Camelia Turcu, University of Orleans

Venue:

Paris University 13 is a member of a group of institutes of higher education (COMUE) that includes Université Sorbonne Paris Cité and the Condorcet Campus.
The Faculty of Economic Science and Management (UFR SEG) offers a wide range of subjects taught at Licence and Master’s level. Certain courses have a large practical component and are designed to prepare students for careers in the corporate sector, banking and finance.

Faculty of Economic Science and Management, Villetaneuse Campus
99, avenue Jean-Baptiste Clément 93430 Villetaneuse France
