

## *Call for Papers*

### **Workshop on Empirical Monetary Economics 2018**

**December 3-4, 2018**

[OFCE](#), research center in economics of [Sciences Po](#)  
10 place de Catalogne, 75014 Paris  
Paris, France

#### ***Objective***

The purpose of this workshop is to provide the opportunity to discuss and promote topical empirical research related to all areas of monetary economics. Some particularly relevant topics are:

- The domestic and international transmission channels and macroeconomic effects of both conventional and unconventional monetary policies
- Policy implementation, communication strategies, the role of expectations and forward guidance
- Risks associated to the normalization of monetary policy
- Central bank design, goals, monetary policy tools, accountability and interaction with fiscal policy
- Financial stability, the interaction between monetary policy, macro- and micro-prudential tools
- Market structures, regulation and the conduct of monetary policy
- Central banking and long-term challenges (digital currencies, secular stagnation, inequality)

#### ***Keynote speakers***

- [Silvana Tenreyro](#) (London School of Economics & Bank of England)
- [Martin Uribe](#) (Columbia University)

#### ***Submissions***

Please submit a full paper in PDF format to [eme.workshop@sciencespo.fr](mailto:eme.workshop@sciencespo.fr). The deadline for submissions is **September 15, 2018**. Decisions will be notified before end of October 2018.

#### ***Practical information***

This two-day workshop will take place at OFCE in Paris, France, on December 3-4, 2018.

There is no registration fee and the workshop does not cover travel and accommodation costs.
