## 11<sup>th</sup> PhD Student Conference on International Macroeconomics

Room 614, Building G, Université Paris Nanterre

---

EconomiX-CNRS and the Doctoral School EOS (Université Paris Nanterre, France), CeReFiM (University of Namur, Belgium), LEO (Université d'Orléans, France), LEMNA (University of Nantes, France), Economics Department Jaume 1 University (Castellon, Spain) and Economics Department of Applied Economics II (Valencia, Spain) are co-organizing the 11<sup>th</sup> PhD Student Conference on International Macroeconomics. The conference will be held on April 1st, 2022 in Nanterre, France.

### Important dates and submission procedure:

Submission deadline: **January 10, 2022**  
Acceptance decision: **Mid-February 2022**  
Presenting authors registration: **End of February 2022**  
Conference: **April 1st, 2022**

Submission of papers is open until **January 10, 2022**. Papers must necessarily include the author's and co-authors names and institutional affiliations, together with e-mail addresses for correspondence.

The program will include several sessions covering the main areas of International macroeconomics. Anyone wishing to present a paper needs to submit it to a specific session. Please submit a full paper in **English** at the conference webpage:

([Submit a paper](#)) in the appropriate session and topic

### Sessions and covered topics

#### International macroeconomics and finance (JEL):

- Exchange rates, exchange-rate regimes, international monetary system;

- Economic growth, business cycles, inequalities and economic policies;
- Banking economics and central banking; systemic risk, microprudential and macroprudential supervisions;
- Political economy on international macroeconomics and finance;
- Economic history on international macroeconomics and finance, cliometrics;
- International macroeconomics: other topics.

Priority will be given to papers with original contributions and empirical applications that address a relevant economic question within the aforementioned topics and have no senior co-authors.
