

12th PhD Student Conference on International Macroeconomics

Room 614, Building G, Université Paris Nanterre

EconomiX-CNRS and the Doctoral School EOS (Université Paris Nanterre, France) are organizing the 12th PhD Student Conference on International Macroeconomics. The international scientific committee of the conference includes members from the CeReFiM (University of Namur, Belgium), the LEMNA (University of Nantes, France), the Economics Department of Jaume I University (Castellon, Spain), the Economics Department of Applied Economics II (Valencia, Spain) and the School of Economics of the University of Nottingham (United Kingdom). The conference will be held on Friday **April 14th, 2023** in Nanterre, France, in the surrounding of Paris.

Important dates and submission procedure:

Submission deadline:	January 15, 2023
Acceptance decision:	Mid-February 2023
Presenting authors registration:	End of February 2023
Conference:	April 14th, 2023

Submission of papers is open until **January 15th, 2023**. Papers must necessarily include the author's and co-authors names and institutional affiliations, together with e-mail addresses for correspondence.

The program will include several sessions covering the main areas of International macroeconomics. Anyone wishing to present a paper needs to submit it to a specific session. Please submit a full paper in **English** at the conference webpage:

([Submit a paper](#)) in the appropriate session and topic.

Sessions and covered topics

International macroeconomics:

- Exchange rates and international monetary system;
- Monetary policy and inflation risk;
- Vulnerabilities and dependencies in supply chains, trade economics;
- Climate economics and energy transition, sustainable finance;
- Economic growth, international business cycles, inequalities;
- Financial stability, macroprudential policy, banking economics, crypto-currencies;
- Macro-based behavioral economics;
